

## **SEND Policy**

### **Aims and Objectives**

All Staff at Si Ri Panya will do their best to ensure that the necessary provision is made for any pupil who has special educational needs and/or disabilities. Where the school has been informed that a child has SEND, those needs will be made known to all who are likely to teach them.

All staff and governors in the school are aware of the importance of identifying and providing for children who have SEND.

All staff will ensure children with SEND can join in the activities of the school together with pupils who do not have SEND, so far as that is reasonably practical and compatible with the pupil receiving the necessary special educational provision, the efficient education of other children in the school and the efficient use of resources.

The staff in the school are committed to identifying and providing for the needs of all children in a wholly inclusive environment. Inclusion is given a high priority in this policy,

### **Access to the Curriculum**

The Curriculum will be made available for all pupils, including those with predictable SEND. Where pupils have SEND, a graduated response will be adopted. The school will, in other than exceptional cases, make full use of classroom and school resources before drawing on external support.

The school will make provision for pupils with SEND to match the nature of their individual needs when planning and delivering the curriculum.

There will be flexible grouping of pupils so that learning needs may be met in individual, small grouping or whole class contexts.

The curriculum will be differentiated to meet the needs of individual pupils. Teaching styles and flexible groups will reflect this approach.

Schemes of work for pupils, within classes and year groups, will reflect whole school approaches to teaching and learning and will take account of SEND.

Curriculum tasks and activities may be broken down into a series of small and achievable steps for pupils who have marked learning difficulties.

### **Parent Participation**

The school will actively seek the involvement of parents in the education of their children. It is recognised that it is particularly important with pupils who have SEN where the support and encouragement of parents is often the crucial factor in achieving success.

Parents will always be kept informed about the special educational needs experienced by their children. Communications between the parent and the school will be consistently maintained.

Parents will be notified if the school recommends any additional support for their child (including an additional adult needed for 1:1 support)

*See Assessment Policy for more information on SEND assessments*
